You will have tools that begin with a planning kit and take you all the way through to your awards ceremony after the tournament has concluded.

## **Step 1: Planning Kit**

The planning kit is composed of two major documents; a questionnaire and a check list. These documents will prepare you for the work that will have to be done in order to have a successful golf tournament. It goes over everything from selecting a golf course to tax exemptions and sponsorships.

## **Step 2: Organization and Implementation Guide**

Now that you've answered the Who, What, When, Where, and Why's it's time to put your plan into action. Templates are provided for this part of the process. This is the 'leg work' and the most time consuming portion of the tournament organization procedure.

## **Step 3: Tournament Day Package**

This is a very exciting and super busy day! It will start hours before the tee time and end hours after the last cart is in. For months you have been building up to this moment. Your Tournament Day Package has all of the tools to make this day run smoothly.

There is a hard way and an easy way to put together a golf tournament. Take the easy way out!
